Comfort

The Timix SU is a front-wheel drive-powered wheelchair. It has an SU (Stand-up) verticalization function.
It is as comfortable indoors, including in small spaces, as it is outdoors thanks to its crossing capacity. Like the Timix, with large front drive wheels for easy turning even in tight spaces and available in 6 km/h, 10 km/h or 14 km/h versions.

Products designed to suit you

Our basic principle is: the wheelchair must be adapted to you, not the other way around. That is why our wheelchairs are evolutive and an answer to your specific needs.

All types of wheelchairs can be adapted, have numerous options and can be fully personalized so that there is a wheelchair for every person. This is the result of our continuous research and experience since 1957.

Quality guaranteed

Regarding quality, the **Timix SU** complies with the highest norms, laid down by certified test institutes in most European countries.

Colours

C04 red   **C53** orange   **C85** green

We offer more then 32 different colours. For more information, please check our website.
