Normandie

Socializing with comfort

Normandie is a comfortable, well-designed chair that does not look out of place in a living room nor a care facility. Its sleek design provides comfort whilst suiting any interior design.

With a reclinable backrest up to 45° and an automatically inclinable legrest, Normandie provides comfort throughout the day. The strong metal design gives extra stability when getting in and out of the chair.

Storing or transporting a geriatric chair can sometimes be quite the hassle. Not anymore with the dismountable backrest that allows for easy storage if needed.
